

Cardanshafts of all kind
Cardanshaft parts, Torque rods,
V-arms & Repair kits

Manufacture, repairs and service related to cardanshafts

This you can rely on:

- Tested quality for all commercial vehicle brands, models and areas of application - from transporter to 40-tonne vehicles and for all construction equipment areas
- The shortest delivery times from about 3 hours by courier, night-express delivery, carrier or air freight
- Uncomplicated identification without any samples
- Base-dealer concept in the commercial parts business
- Individual custom manufacture
- European-wide production facilities

With our CSN brand we offer cardan shafts of all kinds:

- **Newly manufactured** and in the very highest quality
- As **replacement part** („Equivalent to New“) - environmentally friendly and at an unbeatable price
- As **partial repair** - our price-effective alternative

Under the CST brand we deliver you:

- An **extensive product range** of spare parts for cardan shafts with all product series like DIN, Spicer and Mechanics
- **Torque rods** and **V-arms** newly manufactured
- Repair kits for Torque rods and V-arms in sliding bearing as well as molecular design

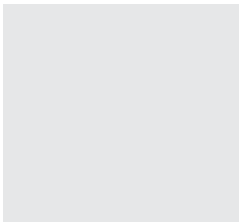

We supply - you profit.

We are certified acc.:

DIN ISO 9001:2008
DIN ISO 14001:2004
